

On July 27 2012, I found a youtube video that showed a cylindrical structure near our sun. The object is larger than our Earth. I then found a Crop Circle image similar to this cylindrical object. I also knew of a crop image that is similar to what has been called The Sun Cruiser. I then wondered to myself why are Crop Images portraying objects near our Sun? Next I wondered are there patterns in the Crop Images.

Have you seen the movie "The Men Who Stare at Goats?" Well I became the woman who stared at Crop Circles over the next 3 days. What I have discovered is by no means comprehensive. It is a simple theory that probably has more meaning that I can fully grasp. Here is the pattern 5, 6, 7 and multiples of those numbers. On this page are examples of 5. The Butterfly is also similar to DaVinci's - Vitruvian Man. My theory on 5: 5 = Human

David Sereda - Captured the sound of the sun put it into water and this is the frozen water crystal. There are 6 points, and each inner leg has 2 and 4 columnar like definitions. 1 point has 2 and 4 columnar definitions which is 12 and 24, which are multiples of 6. Conclusion  $6 = \text{Sun}$

6 or 12 =  
**SOL/SUN**

Sun contains 5, i.e., the  
Sun affects Humans  
6 circles contain 5 rows in  
each circle. Suspend judgement  
and just continue this journey  
with me for a bit more...

Looking for patterns, I found these. The Crop Image on the left is obviously the Phoenix - note the flames on the feathers. It also has multiples of 6 on the wing feathers on the inside indentations, and has 12 wing feathers.

The pattern that I noticed is the fan like shape connected to a circle in both of these Crop Images.

This image on the right on the top looks like a Broadcast Satellite. My other conclusion is that if patterns can be figured out - the interpretation to the Crop Circle images are contained in other Crop Circle images. I am just making a note of the patterning. I don't know what this means, or if there is any significance to the similarities. That is for greater minds than mine to discover. The other shape that caught my attention are the 6 rectangles. Keep those 6 rectangles in your mind and be prepared to be amazed in a bit....

The pattern here is 7 and creatures. So what is 7?

More  
7's

Here 7 Circles are contained with the larger circle

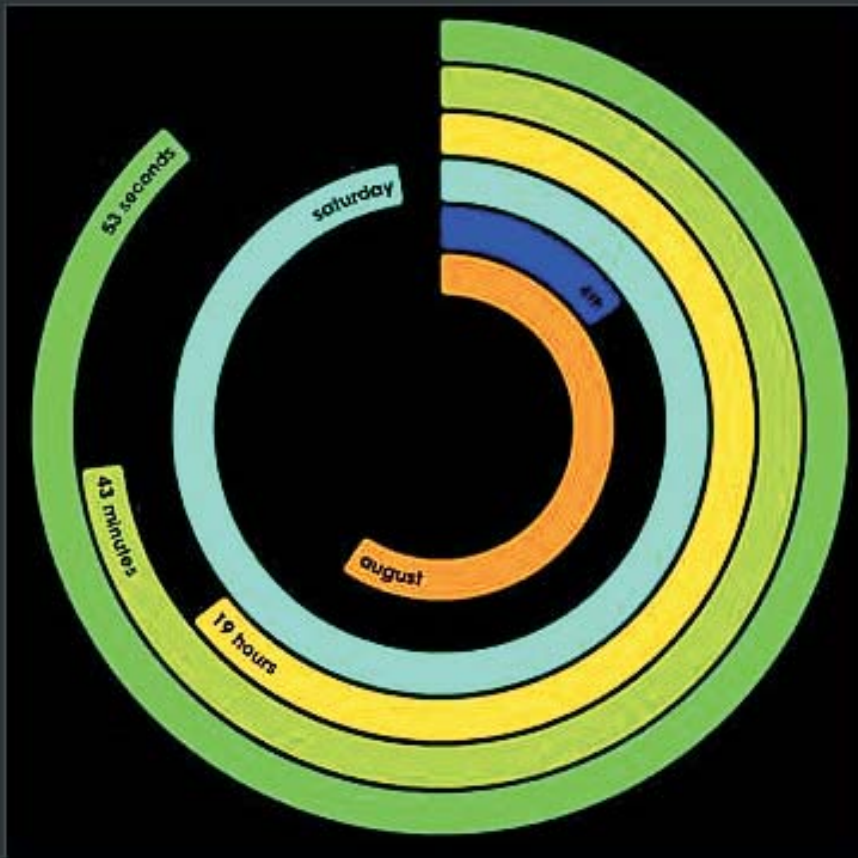

7 rows in the image above.

Here is what has been bothering my mind. The news black out on Nibiru. Now I know why. It may not be Nibiru that causes all of the events - it may be the satellites it carries with it. I see 7 satellites in the image on the left. This photo was taken by a woman on an airplane, over Melbourne, Australia, 5.28.12.

Is the crop image with the 7 rows, a representation of the position of those satellites?

**7 = NIBIRU**

I found this image on the website Above Top Secret. It says this image is a polar clock. I don't know what a polar clock is. ATS says it is the date Aug 4, 2012 and time of 19:43:53....

**OFF-SITE CONTENT**

As the aerial shot was not taken perpendicularly to the formation, we are not sure about the time displayed, but we think that at least the date can be considered correct. When you compare pictures 1 and 2, you can see that the formation tells the following time and date: 19:43:53 on Saturday, 4th August 2012. We have no idea what this particular time might mean. Hope someone will find out why this date should be significant.

This is the image that began my journey to stare at crop circles

Another pattern? They are not exact, they are representative symbols. I believe the rectangle within rectangle is an attempt to show cylindrical dimension. Is the image on the right showing some type of energy intake and output from our Sun to this vehicle? It is clear that there are 2 crop images with rectangular structures. What does it mean? I don't know. What is worth noting is that there are 2 crop images possibly indicating a vehicle near our Sun! So you must ask, why are patterns of crop images showing us something to do with our Sun? You also have to ask why is there no news reports of this phenomena with our Sun? Are these crop images asking us to pay more attention to what is occurring around our Sun? If so why is it important to learn of this information?

Enlargements of other types of vehicles around our sun. The bottom image vehicle is showing a shadow reflecting off of the Sun's corona? Is that even possible, or is the corona something else entirely?

A 4th Crop image similarity reflecting a vehicle near our Sun. What is going on? It is clearly important enough to be in crop images, then I believe we are being asked to pay attention to what is going on around our Sun

This image is from a youtube video from March 2012  
Clearly we are not being told what is really going  
on with our Sun. What is significant about March?  
Are we getting help with our Sun?

FYI: A note on Global Warming...Our solar system  
entered the photon Belt in 1987, this lasts for 2000  
years. The sun has cooled by 25%, because it can  
rest a bit while in the Photon Belt. All of our Solar  
System Planets have warmed up! How is that possible  
if the Sun has cooled by 25%? News blackout again?

STEREO Behind EUVI 195

WARNING! Giant UFO FLEET ARRIVAL AT  
THE ORBIT OF THE SUN - March 7, 2012!

The Title says  
“Warning!  
Giant UFO  
Fleet Arrival...

Why does it  
need to be a  
warning?

Why not pay  
attention and  
learn. What, I  
don’t know.

Why did this  
fleet show up  
in March 2012?

Why is there a  
news blackout  
on this?

Look for Patterns

What is the pattern here?  
There are several. Circles,  
arrows, movement ???  
A friend helped me to  
figure out what the arrows  
are telling us. They are  
a boundary crossing.

In the image on the right  
it is an indication of  
something with movement  
crossing our Solar System  
boundary at Uranus. There  
are 8 circles between the  
arrows and the vehicle.

Perhaps the pattern here is a matter of perspective of the origin. Also vehicle side view on left, top down view bottom image

Pattern similarities here are progressive size of circles, with curving path, a pointed vehicle front.

My friend pointed out in the image below that perhaps

the lines bordering the circles is a wormhole or protection. 5 circles are within the center circle and 2 poles are shown by the 2 circles with a tunnel representation connecting them, perhaps they are earth's magnetic poles?

What I think this is about...

The Crop Images are showing us patterns in symbolic representations.

Crop Images are showing us events with our Sun.

Crop Images are showing us events with our Solar System.

Crop Images do not comply with the principles of withholding information from us, such as News Blackouts on information regarding our Sun and Solar System. Crop Images are an attempt to share information with us. Who or whatever is providing this information to us believes we need to know this information.

The policy of withholding information from us is obviously not in agreement with these Crop Image Makers. They want us to know.

I believe withholding information is criminal. It takes away your ability to make a sound choice. Obviously there are agents who do not want us to have unusual or uncommon information. Why? Why do the Crop Image Makers want us to have this uncommon information?
